

# **HyspIRI Science Symposium On Ecosystem Data Products**

**Woody Turner  
Co-HyspIRI Program Scientist  
Earth Science Division  
NASA Headquarters**

**May 4, 2010**

# Status of Decadal Survey Missions

- February 1, 2010: President's Budget released with a 5-year, \$2.5 Billion total augmentation for NASA Earth Science
- March 18, 2010: NASA ESD sends Climate Augmentation Plan to OMB
- Plan calls for launch of all Tier 1 Missions by 2017 (also the launch of OCO reflight, GRACE follow-on, and SAGE III missions)
- Also, current plans are for Tier 2 missions to launch at the rate of 1 per year starting in 2019
- President's Budget direction requires NASA to obtain USGCRP Review of the Climate Augmentation Plan
- Review is taking place this month
- In the near-term, Tier 2 mission funding to continue; levels still TBD

# Plans for HypIRI

- Stay the course
- Continue to mature our technology and operations
- Strengthen the scientific case for the program
- Focus on the climate-relevance of our mission science
- Explore the potential to build the scientific basis for HypIRI through utilization of products from airborne systems and upcoming spacecraft missions carrying spectrometers and TIR sensors (doing so will require additional funding)
- Look at results of HypIRI preparatory activities solicitations
- Be ready!
